Business Manager: Mrs. W Griffiths

Date: 3<sup>rd</sup> September 2021

Dear Parents

We trust you have been able to have a restful summer break. We wanted to share with you some changes to guidance regarding Covid prior to returning to school. The guidance is now much more simplified. However, it must be acknowledged that should there be a change in infection levels or advice from WCC or PHE that we will step up our protective measures.

### **Normal school day**

Nursery will continue with the previously notified arrangements for the first two days and then join the main school in returning to normal timings.

For the main school we are returning to a normal start and end to the school day. This will be an 8.50am start for main school and 9.00am for Nursery. The end of the school day will be 3.00pm for Nursery and 3.15pm for the main school. The staggered start and end to the day that we have been using has used up an hour of learning time each day! Where possible we do not wish to have to return to this system and request your support in minimising congestion on site.

### **Face coverings**

We would recommend that parents continue to wear face coverings on the school site when dropping off and picking up children.

### **Social Distancing**

We recommend that parents continue to socially distance where possible on the school site. This includes when dropping off and collecting your children. Please stand back from the classroom doors as this will allow the member of staff to greet you without a mask on.

### **Hand washing and enhanced cleaning**

We will be continuing with regular hand washing and sanitising at key points throughout the school day. We will also be maintaining the enhanced cleaning of school including surfaces and frequently touched areas such as door handles.

### **Testing**

We recommend that all members of the school community continue to take Lateral Flow Tests twice weekly.

## Isolation

Children under 18 years and 6 months do not need to isolate if they come into direct contact with a positive case. They should take a PCR test and continue with twice weekly LFT testing.

However, should they develop the symptoms of Covid they should not come to school. If they develop symptoms in school they will be sent home. They should take a PCR test and isolate until the result is known. If the test is negative and have not had a temperature for 48 hours and nobody in the household has developed symptoms or tested positive they may return to school.

We hope this information has proved useful and we look forward to seeing you all next week. Please make the most of the predicted mini-heatwave and the last weekend of the school summer holiday.

Yours sincerely

A Moorcroft
