

Graduation Information Sheet Friday

As many of you know, it is tradition at Boughton Leigh Infant School for our Year Two children to enjoy a graduation ceremony. Despite the current situation we feel it is important that the children still get to experience this. We have thought long and hard about how we would be able to do this, whilst keeping everybody safe. We feel that with your support we can still make this memory for you and your children.

Graduation ceremonies will take place on Friday 10th July for the visiting Year Two children. Year Two children who are currently attending our key worker provision will graduate on their last day in school. Please let the office know if this will not be on Thursday 16th July.

Please read the health and safety information below, this must be adhered to at all times.

Hygiene and Safety Information

- Staff, parents and children must adhere to 2 metre social distancing guidelines.
- Please ensure you remain 2 metres apart when on school site, cones will be in place to show you where to stand.
- We ask that only one parent attends in order to limit the number of people on site. Please respect other families by following this request.
- Children from other bubbles in school will not be attending, again this is to limit the number of people gathering together.
- The gates will be opened ten minutes before the children's finish time to allow all parents to be in position on the cones outside the classrooms (Bronze, Turquoise and Blue classrooms).
- When the children are dismissed, please clap and cheer for all of the children to give them their special moment! Please stay on you markers until all children have paraded.
- You are requested to leave the school site promptly, once all children have been dismissed. We are not able to facilitate photographs, due to time constraints between groups and social distancing requirements.

If people are unable to follow the guidelines then the graduation ceremony will not be able to take place, or you may be asked to leave the school site. The above guidelines ensure we are compliant with our Warwickshire County Council approved risk assessment.
